

DURACELL®

Rechargeable

Multi-Charger CEF22

BENEFITS

"All-In-One" Charger for Multiple Cells Sizes*

Simple and Easy to Use

- Maintenance charge keeps cells fresh
- Ideal for families with children
- Charges up to 8 cells at the same time
- Charges multiple sizes at once

FEATURES

Charges AA, AAA, C, D, & 9V NiMH/NiCd Cells LED Indicates Charge

- Amber LED for AA, AAA, C, & D - Red LED for 9V
- Solid Red = Charging
- Green = Complete
- Microprocessor controlled for a Safe charge
- Independent channels to charge different cell sizes at the same time
- Charger automatically detects cell size and test regime

SAFETY

Microprocessor Controlled

- Charge Termination based on dV and built-in timer
- Primary Cell Detection – will not charge non-rechargeable batteries
- Reverse Polarity Protection
- Over-temperature shut-off – prevents overheat of cell
- Over-charge protection – prevents cell damage

TECHNICAL

Battery Charger	Class 2, Integral Power Supply
Plug	Matches Local Requirements
Battery Type	NiMH HR03, HR6, HR14, HR20, 9V
Battery Fit	1-8 HR03 / AAA or HR06 / AA, 1-4 HR14 / C or HR20/D, 1.9V
Product Weight	599 grams
Input	220-230V AC, 50Hz, 8W
Output	HR13/D and HR14/C (440 mA), HR6/AA (280 mA), HR03/AAA (120mA), 9V (15mA)
Operating Temperature	0° C – 35° C (32° F – 95° F)
Product Dimensions	250mm (H) x 101mm (W) x 80mm (D)

DESIGN

International Charge Capability – device can be used worldwide (with suitable AC converter plug)

- Primary plug matches local requirements
- New attractive more compact consumer design with LED charge indication

*Charge rate and time is dependent on cell capacity, discharge state, and operating temperature.
